06.04.2019

Dear Parents

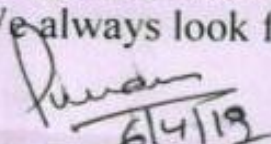

Safety of children is our prime concern and we have communicated to you on earlier occasions too regarding safe transportation of school children. The Directorate of Education vide their Circular No. PS/DE/2018/506 dated 26.12.2018 had issued directions to the school for not allowing the use of vans/cabs which are not following the norms. The school has already sent various circulars in this regard. In view of the above, the school will not permit children ferrying through illegal (without permit, overcrowded etc.) vans/cabs that are not complying to the norms as specified by Hon'ble Supreme Court.

The parents are once again requested to abstain from sending their children in unsafe /illegal vehicles. In a step to it, you are also advised to send your wards in the school bus which is a safer mode of transport viz-a-viz vans/cabs.

In case, it is found that you are still using unauthorized cabs/vans for your ward, a formal complaint will be lodged by the school to the traffic police and parents will be solely responsible for the safety and security of the students using private vans.

Parent may submit an application for availing school bus facility by approaching Transport In-charge in person by checking feasibility/suitability of school bus.

We always look forward to your continued support and cooperation.
