ADVENTURE NIGHT CAMP 19.11.22

'Time camping isn't spent, it's invested'.

Leaving the comforts of home and going to overnight camp is a passage to endeavour self confidence and being independent. MAPS conducted an adventurous night camp, where children boosted their self-esteem and developed risk-taking and conflict resolution skills as they learnt to make their own decisions without their parents' help. We had various activities like Burma Bridge, Commando Crawl, Ladder, Bamboo Stone, Water collection, Tug of war, Mickey mouse, Trampoline, Roller, Flying Fox, Wall Climbing, Puppet show, Magic Show, Bonfire, DJ night and various team building activities. It was a great experience of fun filled activities and life skills to make their learning experiences jovial.
