

## SUCCESS DAY CELEBRATIONS ( Dec, 2020)

‘Celebrating induces the progress principle’.

To celebrate success is auspicious, it strengthens one to fight when things aren't going right.

MAPS believes in strengthening its learners by cheering and sharing the glory of their achievements. The pandemic did not dampen our spirit to celebrate thus, SUCCESS DAY CELEBRATIONS were organised virtually for all the classes starting from primary to

senior secondary level. The cause was to applaud and felicitate not only winners but ACHIEVERS, toppers as well as those who had shown a marked improvement in their result. Programmes in all the classes started with Ganesh Vandana followed by laudatory words by the Principal. Students who scored above 90% marks in any of the subjects were awarded with Scholars Badges. Star Badges were conferred on those who scored above 90% marks in all the subjects. Achievers’ badges were grabbed by those who showed improvement in academics. Regularity Badges were also awarded to students who had 100% attendance. It was a proud moment for all stake holders as beaming parents presented the certificates to their wards and pinned badges. The class teachers were happy to oblige with felicitous words for their students during the awarding ceremony.

The programmes concluded with a motivational speeches by the respective coordinators.

The students, teachers and parents thanked the Management and Principal of the school for hosting the event virtually despite all odds and giving the achievers a reason to cheer once again.

Congratulations to all the Achievers from MAPS fraternity!!!
