

Introducing Progate of Japan In MAPS, a Cambridge International School

CLASS : CAM 4 to CAM 9

DATE 30th Aug 2018

If everyone is moving forward together, then success takes care of itself.

Maharaja Agarsain Public school, a Cambridge International School Ashok Vihar Phase IV organized a mega Programming workshop for teachers and students with 30 participant schools from Delhi and NCR on 30th Aug 2018. The workshop was conducted by Mr. Takuno Nishimura, Global Manager, Progate a Japanese initiative. Maharaja Agarsain is the first Progate Indian partner school to be the host of Programming workshop followed by hands on practice session. The Key factors of workshop were importance of learning programming language at early age, why teaching latest programming language is an essential skill for STEM learning and ATL schools. Mr. Takuno explained how Progate, which is developed by Japanese professors and engineers, can be used by young coders. Mr Yashraj, Indian head of the company and co-trainer of the workshop, encouraged the students to develop a habit of self-learning and exploring. The participant schools, students and teachers thanked Mrs. Punam Gupta, Principal of Maharaja Agarsain Public school for the great initiative.

CLASS/(Name of the participant) CAM 6 HIMAL and KRISHNAM, CAM 7 PRABHURAJ AND DHRUV RIYAR, CAM 8 RAKSHIT AND AKSHARA, CAM 9 PRANAY AND BHUVAN

Learning Outcomes

1. Learn by Doing - Practice is key. A full coding environment for students in the browser, so students can apply what they have learned immediately.
2. Students get lessons that even beginners can understand and continue.
3. Students acquire real-world skills and become creators.
