

# Assembly Report Class III-F

Students of class 3 F presented the morning assembly on the theme- "International Literacy Day" and "Vector Borne Diseases- Awareness and Protection" on 20.09.2019.

The assembly started with the news of the day and shared the theme of the assembly. Some important facts based on "International Literacy Day" were also shared. Students spread awareness about "Vector Borne Diseases, its meaning, symptoms and precaution through a short skit after which they elaborated some tips to be aware about the issue and be safe from deadly Vector Borne Diseases. The assembly concluded with a poem recitation by the whole class on the same topic where students used actions, voice modulation for an enhanced impact and props (hats and books) were also used to make it interesting for all. This was followed by a closing message by the class teacher and a short quiz to test the learning of students from other classes.
