

# **PRESENTATION WEEK**

**"In learning you will teach , in teaching you will learn " - Phil Collins**

Presentations are a great way to have students practice all skills (speaking, reading, writing and listening). They also build confidence, and presenting is a skill that most people will need in the world of work. Students who are good presenters are better communicators all round, since they are able to structure and express their ideas clearly.

A presentation is a channel for students to share with others what they have learned. It is also a chance to challenge and expand on their understanding of the topic by having others ask questions.

Keeping this in mind, the students of primary wing experienced the fun of peer tutoring during the English presentation organized from 1.08.2019 till 08.08.2019.

The students made PowerPoint presentations, prepared games, charts, quiz, etc to teach the grammar topics in their respective classes.
