MAPS/CIR/2019/15

22.07.2019

Dear Parents,

To achieve the global aim of Sustainable Development, it is imperative that we shun plastic and switch to biodegradable substitutes. As conveyed earlier, in our endeavour to make the school a Plastic-Free Zone, we are avoiding the use of plastic in the school premises.

Small steps lead to big results! We once again urge you to stop the use of plastic at home and also not give your ward plastic bottles, bags, cutlery and other plastic products.

**We also take this opportunity to inform you that the school canteen will no longer sell juices in plastic bottles or any other product with plastic packaging. Also, disposable plates and cutlery will not be available in the canteen from Monday, 29<sup>th</sup> July 2019 onwards. You are, therefore, requested to provide your ward with an empty tiffin and spoon if he/she wishes to buy eatables from the canteen.**

Let's join hands to save Mother Earth!

**PUNAM GUPTA  
PRINCIPAL**
