

# III-D

# ASSEMBLY

On 24 Sep, 2019 class 3-D conducted the morning assembly on the theme '**Importance of teamwork**'.

Teamwork is a fuel that allows common people to attain common goals. Teamwork is important and builds skills and self confidence.

The students displayed the instances in life or school where team work is required. For example completing a task in time, participating in competitions, group activities in class/school.

The students also highlighted the skills that can be acquired while doing a task as a teamwork showcasing its importance through a skit.

They also showcased the problems of using plastic and highlighted the alternatives that can be used in place of plastic in our daily lives. This was beautifully presented through a skit and a dance performance.

At the end, the class teacher talked about the value and importance of teamwork. Also the teacher asked questions from the students to check what they have understood. She also guided the students to stop using plastic products.
