

ENGLISH WEEK-VI

EnglishWeek- Puppet Parables

19.4.23

To develop students' explorative thinking and speaking skills while enhancing their interest in the English language, English Week was organized for the 6th standard . A group of students from each section performed admirably, but section "D" stole the show with a spectacular performance, also pulling first place, followed by sections "A" and "E" in the second spot, and section A and C in third place. Overall, it was a spectacular event.
