

SOCIAL SCIENCE WEEK

'HERITAGE HORIZONS (9-24,AUG)

DATE: 24 AUGUST 2023

In exploring Social Sciences, we uncover the threads that weave societies together and the forces that drive change. MAPS observed Social Science week from August 9-24,2023. The participation of students from classes 5 to 12 showcased diverse range of perspectives.

Class 5 students presented a street play and a skit on the theme 'Go green & be clean'. Inquisitive learners of grade 6 presented 'Pluralism to Secularism' i.e. unity in diversity through an act. Learners of class 7 , showcased timeless tales highlighting the wit and wisdom of Akbar and Birbal. Class 8 students designed a virtual eco friendly sub city. The MUN (Model United Nations) brought together the young minds of class 9 and 10 in a stimulating simulation of the Economic and Social Council Committee. Classes 11 &12 activities fall under the theme of 'Heart Speak' and 'In sync with the times' , where the students delivered an awe-inspiring performance, radiating boundless zeal and energy. The Agarsanians found this to be an invaluable learning experience,thus enriching their knowledge and skills in a remarkable way.

Rank	V	VI	VII	VIII	IX & X
I	5B	6E	7B	8B	9F
II	5A&5C	6A	7E	8C	10C
