

On 26 JULY '19 under student leadership program, students of class CAM 7 with the guidance of Mrs. Shallu Gupta, conducted their class assembly on the theme Active Reading. The main motive of the assembly was to create awareness and make everyone realize that Books are the mystery of human creativity. Books explore our past, present, and future. We can create and imagine a better future during reading books. We can solve millions of present time problems while reading books. We can analyse our past after during and after reading books. The same message was well floated among learners and parents in the form of theatrical work, book talk and song. Adding further, informative details were shared on authors of books by the learners in the form of face to face challenge. To encourage the growing readers and leaders, achievements of the class were shared with the parents. On 20th anniversary of Operation Vijay; Kargil Memorial Day respect and gratitude was paid to the brave servicemen of the armed forces who laid down their lives to re-capture all positions that had been seized by Pakistan Army by Cambridge Administrator Ms.Jharna Anand. The Day culminated by Vote of thanks by the Class teacher.

Face to Face Challenge

Book Talk by Growing Readers

Enthusiastic Students engrossed in theatrical work

Enlightening Words by Respected Jharna Ma'am

Team work-Confident and Responsible learners

Melodious Moment
