

'The Vagaries of English Language'

English is a funny language it has noses that run and feet that smell.

A session on 'The Vagaries of English Language' was conducted by Ms. Nisha Gupta (HOD, English) on Saturday, 16 July 2022. The interesting and interactive session touched upon the common errors in the English language, especially related to pronunciation. 'Spell-the-Word' round was apparently the most enjoyed segment with enthusiastic teachers spiritedly clamouring for the answers.

Hats off to the staff who once again exhibited their spirit to learn ... and unlearn!
