GRADUATION DAY

02.03.2023

"Remember the past, live in the present and look forward to the future."

The graduation day of a kid is a special occasion that marks the completion of one academic level and the beginning of a new phase in their educational journey. MAPS celebrated the event with great enthusiasm and excitement, and it involves various activities such as sing and dance performances, award ceremony, speeches and party. The Head of the School delivered speech, congratulating the graduates and acknowledging their achievements. The awards and certificates were presented to the outstanding students. The students made headgears of rabbit and flower to represents the culmination of years of hard work and dedication. It was a day filled with pride, joy and celebration as it represents a major milestone in the life of every child.
