MAPS/CIR/2019/16

25.07.2019

Dear Parents

Project Work is a learning experience which aims to provide students with the opportunity to go beyond their text-books, synthesize knowledge from various areas of learning, and critically and creatively apply it to real life situations.

At MAPS, projects are integrated into the school curriculum and MAPS EXPO is a platform to showcase the extensive project work done by our students. This year MAPS EXPO, based on the theme 'Sustainable Development', will be held on 27 July 2019 from 9:00 a.m. to 11:00 a.m. You are cordially invited to visit the Expo and see your ward's work find pride of place as an exhibit. As it is PTM day too, you are requested to interact with the teachers of your ward/s to discuss his/her progress.

We would also like to inform you that the day marks the end of the 2-day Tinker-Fest at the school ATL Lab where students from other schools will gain hands-on experience at solving real world problems using innovative ideas.

Looking forward to your presence.

PUNAM GUPTA
