## **Day-6 Activity (Self Grooming Activity)**

**Class-2**

**08.12.2022**

Tying shoe laces requires strong fine motor skills including finger isolation, bilateral hand coordination, visual perceptual skills, hand-eye coordination and hand strength. Learning to tie shoelaces for the first time can be very rewarding. Students of class 2 brought out a cut out of shape of shoe already punched and a shoe lace. They learnt the technique to tie the shoe lace and gained immense self-confidence.
