

MORNING ASSEMBLY

1.11.2019

CLASS II-D

LOVE FOR NATURE

We may utilise the gifts of nature just as we choose but in her books the debits are always equal to credits. Nature cure implies that the treatment should be the cheapest and the simplest possible. Look deep into nature and then you will understand everything better.

Keeping this in mind, the morning assembly was conducted by the students of class II-D. The assembly began with the thought of the day and some interesting facts about nature. The students presented the melodious song followed by the banner presentation. The assembly was concluded with the stupendous dance performance and the message.

“Each and every one of us can make changes in the way we live our lives and become part of the solution.”
