

## PRIMARY ENGLISH WEEK

The English Language is the accretion  
And growth of every dialect,  
Race and range of time,  
And is both the free and  
Compacted composition of all.'

A great week and many learning-  
with-fun moments were there for  
all the students. The school

celebrated '**English Week**' where linguistic skills polishing sessions with fun-filled activities were organized from **April'15-30, 2019**. An array of events were conducted with the motive to enhance the vocabulary, language skills and make learning more enjoyable. English is a very important language to communicate in today's world. To understand the importance of this language, a week long celebrations were held in the school. Students from all classes took part enthusiastically and showcased their creative corners in different forms with the same spirits and urge to learn something.

A general introduction on Action words was given to the students of class 1 and a module was shown on the Digital board. Class was divided into groups, learners came one by one and picked chits and described the picture pasted through actions.

Students of **Class 2**, celebrated the English Week by creating their own 'Noun Town' using 3D objects, pictures and real objects around them. They learnt about different nouns that are required to create a town. They also gave beautiful presentations describing their towns. It helped them to learn more about different types of nouns and built their vocabulary and speaking skills as well.

Acknowledging the importance of English language in today's world, for **class 3** the aim of the '**ENGLISH WEEK**' was to know the LSRW skills (Listening, Speaking, Reading and Writing) in an unconventional method. The class was divided into various groups and they were asked to adopt a word. The group worked on that word by telling its meaning and the part of speech. They also created a story with that word and the whole group gave the presentation on it. It was indeed a great learning experience for the teachers to read the stories of the children. The enthusiasm and excitement showed by the children while participating in the activity was the best reward for the teachers.

During the English week students of class IV were engaged in preparing 'The Frayer Model'. In groups, the students were allotted words like gadgets, recycle, technology, etc. The students searched the meaning of these words using a dictionary and tried to find their merits and demerits. The students also framed sentences using the words. The activity not only enhanced their vocabulary skills but also critical thinking skills.

Class-5 English Week 2019 kicked off with "Scrabble Game" to sharpen the vocabulary of the students. They were given the unique opportunity to showcase their spelling competencies and be crowned the best "Scrabble Champion". It was a group activity named "**VOCABULARY SCRABBLEZ**" where various types of word building games, Strategy Scrabble,

Speed scrabble were played in class on Scrabble board which enhanced their thinking & spelling skills. It was an enriching activity that truly engaged the students. An Inter-Section Competition was organized on **22nd April'19**

to culminate this activity.

The result of this Competition was as follow:-

- I Position- V-B
- II Position- V-C
- III Position- V-A

Congratulations to all the winners.

It was a fun- filled educational learning experience for all. There was 100% participation which made all the events more successful.
