**EVENT – HALLOWEEN – Celebration of International Festival!! DATE- 31.10.22**

**OBJECTIVES-** To make the learners aware about different cultures and festivals around the world.

**“When black cats prowl and pumpkins gleam, may luck be yours on Halloween.”**

Halloween is a fun day observed in various parts of the world on 31st October every year. The popular Halloween holiday has its roots in ancient European traditions and people light bonfires and dress up as ghosts and witches to ward off evil spirits.

With the same festive spirit, the Cambridge wing of Maharaja Agarsain Public school, geared up to celebrate this international festival. On 31st October, the students came dressed as ghosts, witches, vampires, bats and as all other scary creatures for the Halloween celebration and were ready to go trick-or-treating! The dress ups were quite impressive and the students portrayed the ghastly characters with proper expressions and body language! The students converted the school's staircase to a haunted house and the school's backyard became the party ground for them where they played various Halloween themed games and tapped their feet to some grooving Halloween music. The haunted house was a huge hit among the teachers and students as a lot of screams could be heard from outside. It was a successful event which concluded with a potluck lunch of different coloured food items. More such events will be organized in future to unleash the creative imagination skills of our students and give them an opportunity to celebrate international festivals with the same vigor and zeal as Indian festivals.
