

MORNING ASSEMBLY OF CLASS III A (26.07.2018)

Theme: To have a friend be a friend

Friendship is a relationship of mutual affection between people. Friendship is a stronger form of interpersonal bond than an association. Everybody wants a good friend, a beautiful company to enjoy, but one must know his duties towards a friend.

Keeping this thought in mind, class3A presented their morning assembly on 26 July. A student began with simple speech and slogans written on placards, then a small acrostic poem on FRIENDSHIP was sung by ten students. A new recipe on HOW TO MAKE FRIENDS was discussed. Then few students presented a beautiful song on a friendship based on good inspirational thoughts and duties.

The students hosted the entire assembly. In the end, one of the student sum up the basic idea. Few questions were asked by the class teacher and Ritu ma'am.
