

100 DAYS READING CAMPAIGN

VISIT TO MAPS' VIRTUAL LIBRARY

Reading is the foundation of learning, which motivates students to read books independently. To bring into action the '100 Days Reading Campaign' launched by the Ministry of Education, Students of class 6 to 8 visited the virtual library of our school. The aim was to give wings to their creativity and critical thinking and enhance vocabulary and the ability to express both verbally and in writing. Indeed, it is the first step towards learning with fun.
