

AUSTERITY HOUSE ASSEMBLY- PRIMARY (17.01.2018)

Manage minutes, hours will be managed itself...

“Time management” is the process of organizing and planning how to divide your time between specific activities. Good time management enables you to work smarter – not harder – so that you get more done in less time, even when time is tight and pressures are high. Failing to manage your time damages your effectiveness and causes stress.

Performers from Austerity House presented a mesmerising performance through a mini act on invest in time. They performed dance and a skit also. Students showcased their talents and presented various tips on time management through a ramp walk. No need to say that dance performance by kids were foot tapping. The performance was rejoiced and appreciated by the audience.
