“Politeness is a sign of dignity, not subservience.”

— *Theodore Roosevelt*

Politeness is the art of behaving in a pleasant manner. Politeness costs nothing, yet it is a very valuable possession. Being humble and soft is a great virtue that one must possess. Keeping in mind, the need of being courteous and humble to others, the students of **Class 1A** presented their assembly on **the theme: To be polite and soft.**

It started with the news of the day, followed by the speech, rhyme, quotes on being polite, dance and pledge. Students also explained the magical words – Please, Sorry and Thank you and the acrostic form of politeness. The demonstrations and presentations by the students were full of zeal, confidence and positivity. They beautifully conveyed the message of how essential it is to be polite. They also emphasized that we must be soft spoken and be considerate towards other people. At the end, the class teacher concluded the assembly, by engaging students through active discussion on the theme and encouraging them to be humble towards others.

It was a thought provoking assembly that helped in motivating the students to be respectful, courteous and polite to others as “Every child is a flower of its own kind and all together they make this world a beautiful garden.”
