

**ASSEMBLY REPORT**  
**CLASS: MONTESSORI-2**  
**DATE: 25.1.19**  
**THEME: REPUBLIC DAY**

**“Citizenship consists in the service of the country.” Jawaharlal Nehru**

A proud moment when the Constitution of India came into existence is celebrated as the Indian Republic Day on 26 January every year. With freedom in mind and faith in heart our little ones of Montessori-2 celebrated the glory of the heritage and sovereignty of our nation through street play and dance.

The assembly began with the class choir saying “Future bright, Future right, Do your duties, know your rights.”

The students highlighted the qualities required to become an ideal citizen and about the basic rights and duties guaranteed by the Constitution, especially the right to education, duty to preserve public properties and respect national symbols.

The students learnt about drafting of the Constitution of India and why this particular day was named Republic Day. It was impressive to note the stage presence each presenter displayed. The assembly was brought to an end with an energetic and rousing performance to commemorate Republic Day. The audience was very appreciative.
