Hearty Congratulations!

The session past has witnessed the institution going from strength to strength. Three of our students with their 2 science projects will represent India at ISEF 2017 (International Science & Engineering Fair) to be held at Los Angeles, USA. This will be our 7th participation at ISEF and the 4th consecutive one. Our efforts have borne fruit as our institute is ranked 6th by The Times of India in the Challenger category out of hundreds of schools of NORTH Delhi. Also, the school bagged the 'Schools with Best Innovative Practices' and 'Top Schools Implementing PBL Methods' awards by Brainfeed Magazine under the 'School Excellence Award 2017'. It is a matter of pride that the school received the prestigious Rolling Trophy and a cash award of Rs. 15000/- from Delhi Traffic Police for creating awareness about Road Safety. Agarsainians have once again proved their mettle in various fields by winning accolades at zonal, state and national level.

The session ahead is crucial for our children as they will be appearing for the CBSE Class X & XII Board and moving ahead towards their goals.

We have set some policies to provide them the best academic and career support for better outcome.

1. Besides regular schedule, extra classes are conducted during summer vacation to complete the syllabus well in time.
2. Subject wise remedial classes are also arranged for one hour after school to help students improve their weak areas.
3. To ensure preparation, unit tests and exams are conducted regularly.
4. Workshops are organized from time to time to reinforce the learning and to impart important information regarding various career avenues.

Our efforts can only be fruitful if we work together as allies. We seek your cooperation in the following ways:-

- It is mandatory to attain 75% attendance to appear in Board Exams. Ensure that your ward remains regular and punctual.
- The students must come in proper uniform and hairstyle befitting a student.
- The students must not absent themselves from any unit test or exam. These help the teachers and students to evaluate performance, identify weak areas and ensure preparation for the Boards.
