Synopsis – Students sang together beautifully the song 'Don't give up' based on the theme 'The Value Expanded'. The troupe of dancers synchronized their movements with the lyrics to express the importance of never giving up hope in life and how to expand values.

Synopsis of Teacher Talk

We must gain knowledge or values by continuous hard work and practice and reach a level of competence in all spheres of work we do. The values are important to be expanded by exploring the world. Always look for the opportunities to learn more. As Einstein said, "I am like a child who wants to drink each drop of water from the ocean of knowledge. The lifespan is not enough to discover the undiscovered."
