CLASS 1

DATE:- 18.09.17

## TOPIC:- ROUTE TO COMMUNICATION

***"The Art of Communication Is The Language Of Leadership."***

*House activities occupy a very significant place in the school day to day planner. They enhance comprehension and provide an opportunity for self-expression and creativity to all the learners equally. It is very important to nurture the communication skills of our students so that they are capable of expressing themselves effectively. A group activity was conducted in order to magnify their comprehension skills. Instructions were given by the group leaders to perform the task and other members of the group followed the instructions to complete the given task. This activity helped them to enhance their ability to communicate, to be a good listener and stay focussed. A healthy bond between the leaders and the fellow group members helped them to work in harmony. All the kids participated with great zeal and gusto.*
