

INTER HOUSE ACTIVITY – PRIMARY (14.05.2018)

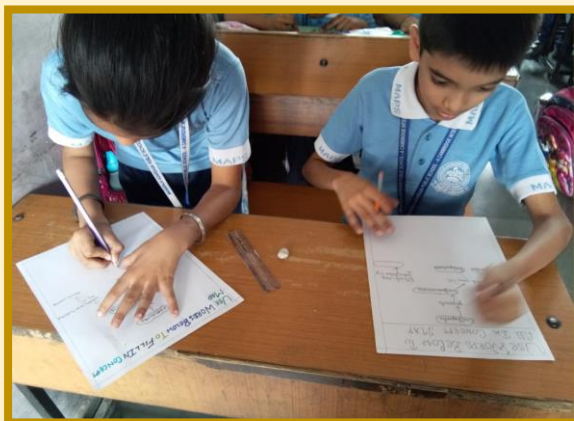

MAPS Primary Wing observed the Inter House Competition on Day 6 (May 14th, 2018) where the students of class 3 got sensitized towards the issue of pollution with the help of a video based on the same theme. The kids were asked to complete a picture using some hint photos depicting the ill effects of the polluted environment.

Class 4 students were also shown a video based on a natural disaster- Earthquake. They learnt about the cause and the effects of the calamity. They were also asked to complete a map concept based on the same theme. The kids also depicted a scene of earthquake with the help of some clue pictures.

Also, the students of class 5 took part in Inter House Competition where they were shown a video on global warming and were asked to portray the ill effects of global warming on their mother Earth using some hint pictures.

The house activities enabled the students to stimulate their thinking towards the sensitive issues of protecting nature and towards the devastating changes occurring due to human activities. The kids participated enthusiastically in all the activities.
