

## **ENGLISH WEEK REPORT 2017-18**

The use of English Language is very important among school children. As we all live in a global environment where importance of English language cannot be denied. It has to be practiced in their daily conversation regardless of place and time. A consistent use of English Language will ensure pupils at their tender age inculcate the essential skills needed. Reading, speaking, listening, writing and grammar in English Language are five important skills pupils should master. English Week was observed in MAPS where various activities were organized to enhance the skills in English like reading, speaking, writing, listening and usage of grammar.

Activities were divided into 2 parts: Class Activity and Inter Class Activities for the classes from 6th to 10th. The students participated with great zeal and enthusiasm by showcasing their hidden talents in creativity, dialogue delivery in role plays, enactment shows, etc

The events organized during English Literary activities were more enhanced and creative in their own way. The enactment shows like Puppet Show and Radio Show left the audience and our judges baffled with their captivating and mesmerized performance. It was a great success with maximum participation by our students which helped them in enhancing their varied skills.

The English Week was carried out from 11 April till 21 April 2017. The table below shows the details of the results of the Inter class competitions of the programmes.
