

## EQUALITY HOUSE (VIOLET HOUSE)

DATE 18TH OCTOBER.

On the lovely morning of 18th October 2016, the senior school students gathered to witness the morning assembly being presented by the students of Equality House. The house picked up a very relevant theme in today's world- A Cracker-Free Diwali. With the help of various performances, the participants tried to sow the seed of "an environment friendly diwali" in the hearts of their friends. It is a well established fact the Delhi is one of the most polluted cities in the world and though the celebrations are often done with pious intentions, they lead to disastrous consequences. The students tried to make their friends see reason behind not bursting crackers with their thought provoking speeches and house message. For this endeavor students from various classes participated. Street play remained the highlight of the event.
