This summit changed the way of thinking about Gandhiji. His ideals are now as applicable and effective as they were at his time. A new experience was added in our memories, where Agarsainains showed their great enthusiasm in the interactive session. The morning session commenced with prayer offerings to almighty.Eminent author Mrs.Sawaran Anil joined us on this occasion, along with senior GandhianMr. Ramesh Sharma. Both of the prominent speakers are great supporters of Imparting Gandhian values in Indian youth.

About thirty schools with their young representatives attended the summit and represented their ideas and views through different mediums such as speech, bhajans, slogans, etc.Mrs.Anuradha Gupta, our supervisor, performed her duties with full responsibility. The students of Maharaja Agarsain Public School, SimranMatta and Minal Singh, started their presentation with a beautiful bhajan“Ishwar Allah TereNaam”.

While Mrs.Shreya, one of the summit members, taught a South African song and dance signifying-“Don't see yourself as inferior and be confident”, Mrs. Swarna Anil preached the 'Triple H' formula to live a happy life.

- 1)Head-Knowledge
- 2)Hand-Physical work
- 3)Heart- Work with soul

She emphasized that by these 3Hs, any person can achieve his/her goals easily. The summit was concluded with the most enjoyable and informative debating session, followed by Teacher's meeting headed by ShriDeepankarGyan.

In a nut shell, the summit turned out to be as promising and wonderful as our team hoped it to be. We got to know a lot about the great Mohandas Karamchand Gandhi, popularly known as, the father of the nation.
