HALLOWEEN CELEBRATION

Foundational Wing

(31.10.22)

Celebrating international festivals helps in fostering esprit de corps and create awareness about global festivals. It emboldens students to respect the cultural differences and also sensitise them.

With a blithesome spirit, the Foundational Wing faculty of MAPS, Ashok Vihar, celebrated the spooky festival with Ms. Melissa Schroeder, a Canadian educator who hosted a Virtual Party along with teachers from all around the world. She was lively and fervently gave an insight into the astounding Halloween Celebration by her pupils.

With the spine – chilling settings of the eerie festival, the students were decked up as ghosts, witches, Vampires, Grim Reaper, Warlock, Tacos, Hotdogs, etc.

Ms. Schroeder, through an engaging slideshow, exhibited the manner in which her pupils have tricked out their houses with handmade crafts like Mosaic, Jack-O-Lantern, monsters, etc.

It was overall an amazing experience to see a potpourri of performances, spectacular costumes and enjoy the evening at this truly spooktacular event.
