

HEALTH DAY CELEBRATION

NURSERY WING 7.04.21

“Healthy citizens are the greatest asset any country can have.” – Winston Churchill

MAPS nursery wing celebrated World health day on 7th April 2021. Power point presentation on healthy habits and correct way of washing hands were shared with the tiny tots. Different activities like spin wheel activity, dice game, handwashing activity were planned for the day. The activities conducted helped in highlighting the significance of good health and well-being. Involvement of pupils was commendable.

The class teacher also sensitized them about good health and inculcating good eating habits, washing hands before and after eating food, brushing twice a day, performing physical exercises and playing sports. The students learnt a lot from the session and promised to follow the same.
