

HOUSE ACTIVITY- PRIMARY (10.10.2017)

In today's times, we hear a lot about child abuse and molestation. It's high time, we should start teaching young children about "Good Touch Bad Touch" to help prevent more damage. Most of the time, targets are very young children, below 6-7 years of age. They are too young to understand the difference between right and wrong. The problem is that they do not even know what is happening. To make them aware from this, an activity was conducted in the class. A Presentation was shown on the smart board regarding the same and their respective class teacher explained about it.

***Good Touch-**A good touch makes you feel warm, comfortable, and safe inside. Good touch gives us good feelings inside like-Excited, Happy, Joyful, and Surprised.*

***Bad Touch-**A bad touch does not feel good. It may make you feel uneasy. Bad touch gives us bad feelings like-Sad, Afraid, Ashamed, and Embarrassed.*

After this, a quiz was conducted to get the feed- back of their understanding. All the students participated enthusiastically.
