

Holidays Homework Turned Into Interschool Project

Holidays must be a time for innovative and involving learning for Students, keeping it in mind, the holiday's homework of ICT was designed. To shift student's energy from playing video games to making video game was the objective.

An online Video Making Club was made and students were added to learn compete and play each other's video games.

The Innovative idea draw the attention of Mr. Vikash Kr. Paridharia from Chinmaya Vidyalaya (Bokaro), Jharkhand. On 8th July 2018 four Students of CAM 8, Rakshit, Akshara, Priyanshu and Rushil along with their teacher Ms. Rakhi conducted a Skype session with Mr. Vikash. During Skype, students shared how the online Gaming Club helped them learn new Coding Skills and use their innovation to create. This type of platform helps developing self-learning and exploring habits in the learner. Mr. Vikash and his students will be the part of this Online Game Platform with us for better learning for all.
