

DAY-6 REPORT (IHC ACTIVITY) CLASS1

Topic-CREATE QUIXOTIC ANIMAL

Most creatures generally identified by their distinctive patterns, markings, or colors. Keeping this in mind, students of class1 were given task to use their imagination to create a unique patterned animal. They were given fact sheet to create information of their own imaginative animal. On 19.7.18 students presented their fact sheets by focusing on their name, description, special features, basic needs and habitat. Two students from each section were selected for the final round.

On 27.7.18 final round was conducted and students presented their 3D shape imaginary animal and spoke few lines on it .Winners name with class and section is mentioned below.

Class/sec	Name of the students	Position
1 D	Reyansh Garg	1st
1 E	Oss Gupta	2nd
1 B	Ansh Bhargava	3rd
