

INDEPENDENCE DAY

Let us pay our homage to all the sung and unsung heroes who made it possible...!! Take pride in seeing the Tricolour fluttering high in the sky and be proud to be an INDIAN!

This year too, MAPS ensured that the fervour of patriotism lives on, and shifted its Independence Day celebrations online.

This does not thwart the enthusiasm of students for celebrating the 75th Independence day. Students of nursery wing, participated in plethora of activities like presentation on National leaders in Our Valiant Warriors, channelised their creativity in art activities and so on.

The pandemic has confined the students to their homes, but it cannot dampen their patriotic spirit and pride for the nation.
