

MORNING ASSEMBLY OF CLASS IV B (17.07.2017)

“WORLD POPULATION DAY”

We all worry about the population but we don't worry about it at the right time!

World population day is observed on the 11 th July every year to raise awareness about global population issues.

On 17.7.2017, students of Class IV-B conducted morning assembly on the theme World Population Day. They conveyed the message of world population through slogans. Through enactment, they also highlighted how over-population affects the lives of people.

In the end, through poem they expressed their feelings that Mother Earth is a beautiful place to live. Hence, birth control is the blessing that will save this planet.
