

MAPS EXPO '16 - 'I Skills'

In order to unleash their true potential and skills, students of CBSEi wing performed an activity on the theme 'I Skills' wherein each student deliberated upon their skills and caliber through an engaging poster making competition. 'I Skills' is an endeavor to aid young students realize their talent and set their goals purposefully. All the students made stunning posters showing the various skills and talent they possess. The vivid posters made by the students were highly praised by Teachers and were thereby displayed on the class notice board. Various activities were designed for the day and students choose these activities according to their skills. These activities successfully instilled a sense of self awareness among the students and helped them realize their potential to the fullest.

The event magnified our:-

- *Organizing skills*
- *Time management skills*
- *Collaboration skills*
- *Presenting skills*

And also gave us a chance to show that what talent each one of us possess.
