

## TOPIC-MORAL CODE: NO-GO-TELL

### DAY-6 ACTIVITY

DATE:15.01.2018

*"The world is a dangerous place, not because of those who do evil, but because of those who look and do nothing."*

A discussion was held in all the sections of class 1, pertaining to the use of words "NO-GO-TELL" in unfavourable situations by enacting various examples in front of them. The main aim for conducting such discussions with students was to assist them to achieve positive outcomes in response to unfair situations. The importance of the words "NO-GO-TELL" was highlighted by telling them how they could use these strong reactions whenever they face such a scenario.

#### The key points of the discussion were –

1. NO -- Saying "No" to person who is trying to bully or provoking you to come along with him. Also, say "no" when a stranger offers you something to eat.
2. GO – Going away from the people who are bullying you or trying to harm you in any other manner. Just tell them to "GO" and ignore them.
3. TELL – Most importantly, tell about every unfair or unfavourable situation that you face, to your parents, teachers, or any other person in your safe circle immediately.

The children actively participated in this discussion about safety measures and how they can protect themselves on their own in case of an unfavourable incident. Enacting various situations on it, made them aware about the sensitivity of the issue of child abuse and child safety.

This discussion was held in order to make our children self-reliant and self-sufficient in all the odd situations.

It is rightly said “every child is innocent, save them from the fear. That is a responsibility of you too.”
