

MOTHER'S DAY CELEBRATION

DATE:- 11-05.2018

The loveliest masterpiece of the heart of God is the heart of mother.

We can't show our enough gratitude towards a mother but of course we can show our love to her. Our little ones made a card with their hand printing and decorated it very beautifully. A crafted corner- for a photo shot where everyone came and shared their feelings for their mother was beyond words after all the influence of a mother in the lives of a child was beyond calculations.
