“Science is about the *miracle* of the mundane and children can appreciate this best. Every child is an *unfolded Scientist*”

Our kids are in a great age of getting interested in science. Children love hands on science. They're eager to learn and explore how the world works. To give them a chance to explore and learn in fun filled way.

MIRACLE EXPERTS COMPETITION

is organized for

PRE PRIMARY

On

22.07.21 i.e. Thursday

Points to remember:-

- The Child has to perform any one simple science experiment and explain the same in the online session.
- Each child will be provided 2-3 mins to perform and explain their experiment.
- Experiment should be child friendly and must be performed under the adult supervision. SAFETY COMES FIRST.
- Child can use any material which is easily available at home for the experiment.
- Extra marks for neatness and innovative idea.
