

# Mystic Mathematician

(A Maths Quiz Competition)

PRE PRIMARY-05.02.2020

*"Mathematics is not about numbers, equations, computations or algorithms: it is about UNDERSTANDING"*

**A quiz is a game which can also be called a mind sport wherein the players try to answer the questions asked to them correctly. 'Mystic Mathematician**

**'Competition was conducted for the students of Pre Primary which helped to build a relationship between textual knowledge and application of the learnt concepts. It also promoted many good qualities like teamwork, problem solving skills, time management, patience etc. The quiz comprised of four interesting rounds and was presented in an interactive manner. The students enthusiastically participated in it and the quiz also developed a curiosity in students for how interesting mathematics can be.**
