

Day-6 Activity
Newspaper Search

Date:-3.12.18

Class-1

“Reading is to the mind what exercise is to the body”

----Joseph Addison

To promote and inculcate the habit of newspaper reading, the students of class 1 asked made to read the newspaper articles to find describing words in it. They look enthusiastic and curious while hunting for the describing words and strengthen their power of reading. The students discussed in pairs and tried searching for maximum words they could get in the newspaper. This activity not only helped them become an active learner but also enhanced their vocabulary as they got to know many new words in the newspaper. It is rightly said that “Today a reader, tomorrow a leader”.
