

# MAHARAJA AGARSAIN PUBLIC SCHOOL

## a Cambridge International School

Ashok Vihar, Phase-IV, Delhi-110052

### OUR EDUCATIONAL VALUES

Maharaja Agarsain Public School strives to make its contribution to individual growth and bring about fundamental structured changes in the society. The school promotes values such as compassion, courtesy, equality, generosity, hospitality, honesty, integrity, kindness, etc. to equip children with the tools needed to lead a meaningful, successful and happy life. Incorporating educational values into the school curriculum help produce well-rounded individuals who not only excel academically but also contribute positively to society and the world at large.

Educational values play a critical role in shaping students' character, fostering personal growth, and preparing them for a successful and meaningful life.

The school lays strong emphasis on values, constructive thoughts and dynamic actions. Students are trained to become rough and tough so that they can overview the challenges of life with grit and probity.

The school promotes and actively incorporates these values into their curriculum and daily practices for their robust and holistic development -

1. **Respect:** Teaching students to respect themselves, others, and their environment is fundamental. It includes respect for diversity, different opinions, and personal boundaries.
2. **Honesty and Integrity:** Encouraging honesty in all actions and instilling a strong sense of integrity helps build trust and ethical behavior.
3. **Empathy and Compassion:** Fostering empathy towards others and instilling a sense of compassion for those in need promotes kindness and understanding.
4. **Courage:** Encouraging students to stand up for what is right, even when it is challenging or unpopular. Encouraging students in risk-taking to help students develop the confidence to face difficult situations and overcome obstacles.
5. **Critical Thinking:** Teaching students to think critically, analyze information, and make informed decisions is crucial for problem-solving and decision-making.
6. **Justice:** Instilling a sense of fairness and equality to help students recognize and challenge injustice and discrimination. Promoting social responsibility to take action to address societal issues and work towards a more equitable society.
7. **Perseverance and Resilience:** Instilling the ability to persist in the face of challenges and bounce back from setbacks builds resilience and determination.
8. **Sustainability:** Educating students about environmental issues, importance of conservation and the importance of sustainability fosters a sense of responsibility toward the planet. Promoting long-term thinking helps students understand the consequences of their actions on future generations and encourages responsible decision-making.
9. **Global Citizenship:** Encouraging an understanding of global issues and a sense of responsibility as citizens of the world helps students engage in global challenges.
10. **Community Engagement:** Encouraging students to participate in community service and social responsibility activities helps them become active and responsible citizens. Fostering empathy and help students contribute positively to their community.

These educational values are not only crucial for individual development but also for creating a just, compassionate, and progressive society.
