

MATH-E-MANIA

PRE-PRIMARY – 11.02.19

Coming together is a beginning, keeping together is progress, and working together is a success. It's always fun to play and learn numbers.

To sharpen the logical and numerical skills, 'Math-e-Mania' a mathematical quiz was organized for Pre-Primary students. Two fervent students from each class played as a team. The kids were so enthusiastic and played different rounds on mathematical concepts like abacus, number names, addition etc. Every partaker enjoyed the mathematical competition and also revised various concepts in a fun way.
