06.09.2018

*Games play a vital role in the growing years of a child's life. It should be planned in such away that some skills are developed while doing that in a particular time span.*

*Pre-primary students participated in a race where they were required to be physically quick & mentally alert. The Zig-Zag race was organized to check their pattern skills. Amazingly all the students performed their best and enjoyed it to the utmost.*
