

TRIG A TROUPE RACE - PRE PRIMARY

Date:-03.12.18

Sports at kindergarden level is not about competition. It is about having fun, being physically active, learning basics of sports and building co-ordination and motor skills and to give little ones an opportunity to display their self-confidence, patience, zeal and sportsmanship.

For Annual Athletic Meet, MAPS Nursery Wing organized a color based race 'Trig a Troop Race' for Pre-Primary & Mont JJ students. This race was not only enjoyed but also enhanced their skills related to colors, to be prompt enough and stay focused at the same time. Students participated with great zeal and excitement. Parents were also invited to participate in this event for badminton matches. Parents and students were very happy and proud to be a part of MAPS and appreciated the efforts a lot.
