

PRESENTATION WEEK

PRE SCHOOL

DATE: -23RD - 26TH OCTOBER

TOPIC- 'HEALTH & HYGIENE'

Having good hygienic habits involves more than just hand-washing. Teaching our kids to have a healthy hygienic routine when they're young can create habits that last throughout their lives. Keeping this in mind a 'Presentation week' was organized for Pre-School classes on the topic 'Health & Hygiene'. Where every child was given an opportunity to express his/her views on the importance of keeping self and surroundings clean. The students also presented colourful props like **flash cards, 3D charts, and stick puppets** to support the topic that helped them in enhancing their presentation skills. They gained confidence through stage exposure and understood the importance of *keeping themselves and surroundings clean.*
