

REPORT- FILL THE BASKET RACE

DATED- 14.7.21

CLASS- PRE SCHOOL

In a Race, fear is gradually replaced by excitement and a simple desire of fun and excitement takes place with energy and enthusiasm. Channelizing the physical strength with learning 'Fill the Basket' Race was organized in an online platform for the students of Pre School in which few objects on the screen were shown to the students, they had to memorize and bring those objects quickly and fill their baskets. In the second round again the screen was shared where 5 things were shown and they had to search and get their pairs. Three winners were selected from each section. Students as well as their parents participated with great zeal and high spirits.
