

LOVE THY NATURE PRESENTATION

CLASS-MONT-I

DATE-31.07.20

"We plant trees for a better world"

To bring awareness about plants MAPS Montessori organised "LOVE thy Nature" presentation for Montessori I students with an aim to sensitize them towards the environment. The presentation helped them in enhancing the awareness about the importance of plants. The lines spoken by the kids were very informative. The activity turned out to be highly enriching, enthralling and exciting.
